## Ceremony marks a new chapter in restoring property rights in Kosovo

**The closing of the Housing and Property Claims Commission and the inauguration of the newly appointed Kosovo Property Claims Commission is a new landmark in the work of restoring property rights in Kosovo.**

"We must remember that as a result of the hard work of the Housing and Property Claims Commission, families who were forced to flee their homes or forced out of their property because of discriminatory policies, have been able to regain the rights they once lost", said he Principal Deputy Special Representative of the UN Secretary-General in Kosovo (PDSRSG) Steven Schook on the closing ceremony of Housing and Property Claims Commission (HPCC) and the inauguration of the Kosovo Property Claims Commission (KPCC), hosted at UNMIK Headquarters in Pristina on 6 June.

More than 50 distinguished guests attended the ceremony including Kosovo Prime Minister Mr. Agim Çeku and several other ministers from the Provisional Institutions of Self Government, as well as representatives from UNMIK, UN Habitat, EU, OSCE, KFOR and several liaison offices located in Pristina.

The HPPC was established by UNMIK Regulation 1999/23 promulgated on 15 November 1999. Its mandate was amended by UNMIK Regulation 2000/60 promulgated on 31 October 2000. The work of HPCC reversed the discriminatory loss of residential property which occurred during 1989-1999, regularized informal sales of property and

restored possession of residential property to persons displaced by the 1999 conflict. In total 29,160 claims were submitted to the Housing and Property Directorate (HPD), and some 26,790 of these claims have been adjudicated by the HPCC. The remaining claims were either withdrawn or decided directly by the HPD.

Mr. Schook said that the completion of the work of HPCC is a tribute to the people of Kosovo, who he complemented for having shown the courage to pursue the restitution of their property rights to the letter of the law. He added: "I'm particularly proud of these achievements, not at least because it has restored legitimacy to property rights in Kosovo and established a process that can be replicated in other territories where property rights have been infringed. This is indeed an export that Kosovo can be proud of!"

Kosovo Prime Minister Agim Çeku also congratulated the HPCC with the completion of its mandate. "HPCC has done a great job, based on law and regulations this commission has dealt with thousands of claims during its mandate. Today we see the good results of their work, as a huge achievement for Kosovo and its citizens", said Çeku. He also emphasized that respecting the right of the private properties for all citizens is also a step forward to fulfil the standards for development and integrations.

The chairman of HPCC, Mr. Alan Dodson from South Africa handed over a final report of the commission's work to the PDSRSG and the Prime

Minister. "I hope that the commission's work and experience can serve as a guide for future post-conflict scenarios where there is a need for issues to be addressed", said Mr. Dodson.

In the second part of the ceremony, the inauguration of the Kosovo Property Claims Commission (KPCC), the PDSRSG opened the swearing-in ceremony for the members of the KPCC. This inauguration marked the next vital step in restoring property rights in Kosovo. Whereas the HPCC only adjudicated claims for residential properties, the KPCC will deal mainly with commercial and agricultural properties. The KPCC was appointed on 14 May and the members are: Mr. Veijo Heiskanen from Finland (chairman), Norbert Wühler

from Germany and Aqif Tuhina from Kosovo. All of them are experts in field of property law.

The KPCC has, subject to appeal to the Supreme Court of Kosovo, exclusive jurisdiction to resolve disputes for private immovable property, including agricultural property and land, which arise from the armed conflict between 27 Feb 1998 and 20 June 1999. Thus far some 22,399 claims have been submitted.

### Kosovo Property Agency

The KPA was established on 4 March 2006 by UNMIK Regulation 2006/10 which was later superseded by UNMIK Regulation 2006/50. The KPA has, subject to appeal to the supreme court of Kosovo, exclusive jurisdiction resolve claims for private imovable property arising from the 1998-1999 armed conflict.

## KPA is a local, independent agency

On 4 March 2006 the Kosovo Property Agency (KPA) was established as an independent, administrative agency. The KPA is neither part of UNMIK nor the Provisional Institutions of Self Government (PISG).

Out of the approximately 300 KPA staff members only 16 are internationals. The remaining staff is national staff from the Albanian, Serbian and other local communities. Also the majority of the management positions in KPA are held by national staff members. All KPA regional offices are supervised by national staff.

The KPA treats everybody equally, regardless of sex, religion and social and ethnic background. Our duty is to apply the law in Kosovo, and to treat everyone equally before the law.

The KPA is fully aware that the issue of property rights is a sensitive one. Just like in the regular courts when you have at least two parties to a claim, only one of the parties will receive a decision in his/her favor. Hence, not everyone will be happy with the KPA decisions on the enforcement of these. In this respect it is important to remember that the KPA is only applying the applicable law, in order to enforce the rule of law in Kosovo. Before the KPA makes any decision in a claim, all affected parties have the opportunity to present all their facts, arguments, and evidence to the Kosovo Property Claims Commission.

We kindly ask the public to support and co-operate with our staff members in the field.

## University of Prishtina and KPA signed agreement for establishment of legal clinic

**On Wednesday 16 May the Kosovo Property Agency (KPA) and University of Prishtina entered into an agreement on the establishment of a Legal Clinic. The agreement between KPA and UP was signed officially by vice/Rector of UP, Ms. Suzana Kerliu and the KPA Executive Director, Mr. Knut Rosandhaug. Present in the ceremony of the signing was also the dean of the Faculty of Law, Ms. Hava Bujupi.**

Mss. Kerliu, on behalf of University of Prishtina extended her gratitude to KPA and its Executive Director, Mr. Rosandhaug for supporting this project which is more than welcome for students of UP and academic staff. In same time, Mss. Kerliu underlined that they will do the best to realize successfully this project.

“Legal Clinic is a good opportunity for law students to improve professional skills and to practice their knowledge during their engagement in the clinic”, said KPA Executive Director, Mr. Knut Rosandhaug on this occasion.

The Legal Clinic will offer free legal advice and assistance to all parties in claims submitted to the KPA. This will enable KPA claimants and respondents to receive legal advice without having to pay for a lawyer.

Based on the agreement, the Legal Clinic will open in the new academic year 2007/08 and it will be run by law students from the University of Prishtina. The students will get academic credits for their work in the Legal Clinic. By choosing to work in the Legal Clinic the law students will get valuable experience from advocacy

work, counseling and drafting, all essential for a future professional legal career. During their job, students will learn more about property rights.

“KPA will provide facilities and the University of Prishtina will select the students for this project. Most of them will be pre-graduate students. In near future we are seeking for assistance also from Ministry of Justice and Ministry of Education”, said Mss. Hava Bujupi, Dean of Faculty of Law.

The students will provide free legal advice and assistance to all parties to claims submitted to the KPA.

## Newly appointed Deputy Director of KPA assumes office

**Following his appointment by the Special Representative of the Secretary General in Kosovo (SRSG), Mr. Xhevat Azemi assumed his position as Deputy Director of Kosovo Property Agency (KPA). Mr. Azemi was appointed following the nomination from the Kosovo Prime Minister Mr. Agim Çeku.**

Mr. Azemi is 51 years old and he was born in Brainë/a, Municipality of Podujeva/Podujevo. He received his diploma from the Faculty of Law, University of Prishtina in 1979. Mr. Azemi has extensive legal and mana-

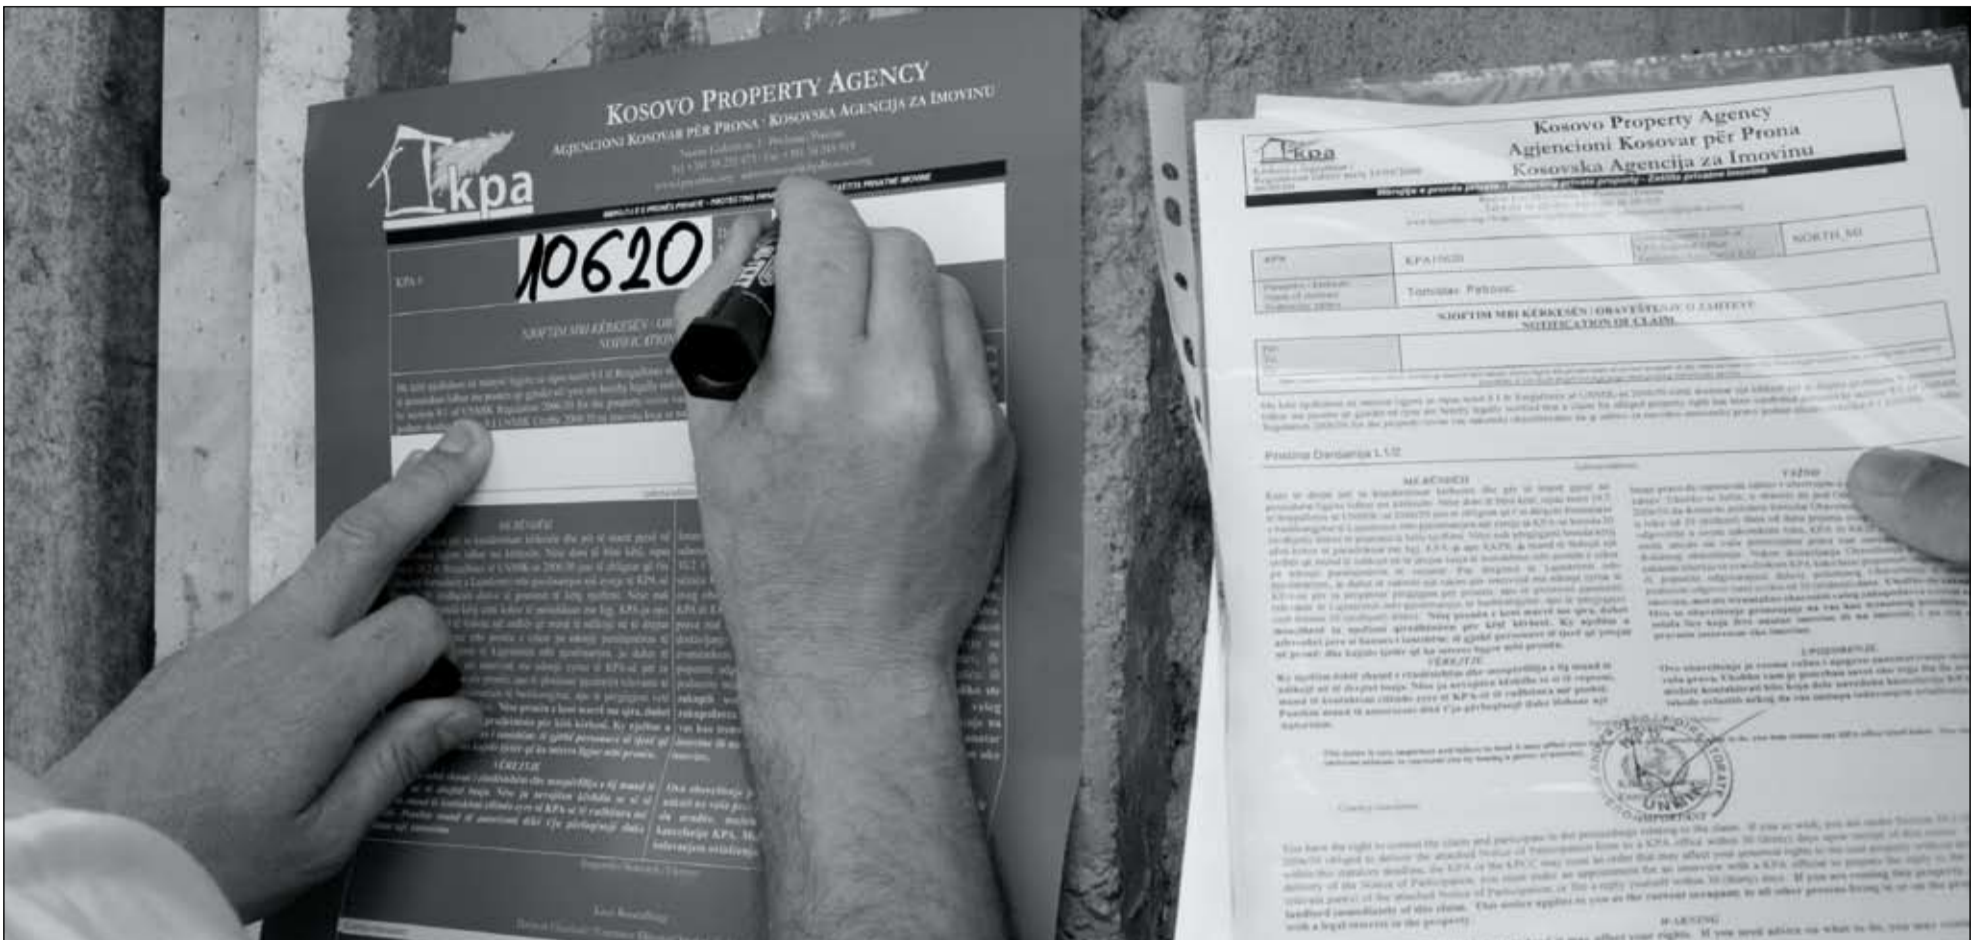

gerial experience from his previous employment with local and international institutions.

Prior to joining the KPA, Mr. Azemi served as a Legal Expert in the European Agency for Reconstruction's agricultural land utilization project. Before that, from 2005-2006 he served as Agriculture Land Claims Officer in the Kosovo Trust Agency. From 2002-2005 he was Chief of Legal Office in the Ministry of Agriculture, Forestry and Rural Development where he also worked as Legal Officer from 2000-2002. Prior to this he served as

Director of the Administration in the industrial agricultural enterprise: “Kosova-Export”.

As Deputy Director Mr. Azemi will work closely with the Director of KPA, Mr. Knut Rosandhaug.

# ONE DAY WITH THE CLAIM NOTIFICATION TEAM

Early in morning one of the KPA notification teams is leaving Pristina. It is a team, which all the time deals with notification of properties. This team, consisting of a Team Leader and two Notification Assistants (one of them is a driver) will carry out actual notification on claimed properties. Notification is the part of the claims processing, following claim intake. This is an important part of the processing of the claims under the mandate of KPA.

The procedure of the notification is same for all properties; houses (apartments), agriculture land, or commercial property. This process is still ongoing; the KPA notification teams are in "the field" every day.

The purposes of claim notification are:

- To inform any people using a property or purporting to have rights to it that the concerned property is claimed with KPA and to explain his/her rights as the party to the process;
- To locate the claimed property and mark it on the ground;
- To thoroughly document all findings by picturing, taking GRID references, drafting maps and by other means necessary for keeping accurate records of the location and status of the claimed property.

Before the team goes to the "field" they are equipped with a vehicle, geodesic equipment (for lands and parcels, if necessary), a GPS gadget and a digital camera. The members of the team are professionals and especially trained for this job.

Making efforts to contact the person(s) occupying the claimed property by the notification team and explain to him/them the purpose of the notification is

a necessary step in the processing of a KPA claim.

"The cooperation with the people, who currently lives on or possess a claimed property, is crucial part of this process. But, during our job, we have some small problems because people didn't know all the details of this process. Sometimes they thought that the notification is same like eviction", the Team leader explains.

While in the field, the notification will try locate the claimed property on the ground through available information logged in KPA database and assistance of the claimant and/or local population if possible.

This morning the notification team went to the village of Butovc/Butovac to notify an agricultural property. The property was easily found on the map. Since no one was present at the property, the notification team marked the claimed land with a blue claim sticker attached to a wooden pole in the ground. This is the standard procedure when there are no persons present which possess the property and/or are purporting to have any rights to it. The team leader writes the relevant KPA claim number, date of notification and the address and parcel number with a permanent marker on the blue notification sticker. On the sticker there is a text in Albanian, Serbian and English explaining that anyone who wants to contest the claim on the property must contact the KPA within 30 days after the blue sticker was placed on the property.

After placing the sticker on the pole, the notification team starts to make digital pictures of the claimed property. The team is required to make pictures from the North, East, South and West point by capturing the border line

of the property to the next point, constructions on the parcel from the above points, their interiors if possible.

At least two pictures shall capture the whole claimed property from different outer positions. Panorama pictures shall reflect position of the claimed property vis-à-vis other immovable properties (buildings, pillars and lines of power supply, memorials, etc.). If the claimed property consists of many buildings, each one shall be pictured.

After completing the notification on the property the team moves on to another village to perform notification

on yet another property. On a busy day a notification team might need to notify as many as 10 different properties. Thus far more than 6,000 properties have been notified in Kosovo.

According to UNMIK Regulation 2006/50, if somebody received a notification from the KPA that a claim has been filed for the property which someone is using and/or believes that he/she has any rights to they must contact any of office of KPA within 30 days upon the receipt of the notification if he/she want to contest the claim and/or become a party of the claim.

It is also important to remember than even if somebody has filed a claim for the property, this does not automatically mean they have any property rights in the property. This will be decided by the Kosovo property Claims Commission after all parties have had a chance to present their arguments and evidence.

We encourage all the people to cooperate with our teams in the field, because the more support they are given, the easier it will be to enforce the rule of law.
