

## Regional Office in Pejë/Peć doubles its work capabilities

*By police assistance, KPA evicted illegally occupant from one house in Pejë/Peć*

**“Ten locals were recruited as new staff last week in the KPA Regional Office in Pejë/Peć who will mostly be engaged in the field, within the Notification Unit”, these were the first words said by Mr. Mitko Dimitrov, Head of the KPA Regional Office in Pejë/Peć, which covers the territory of Dukagjin. It is well publicized that the majority of claims submitted to the KPA are from the Pejë/Peć region.**

Mr. Dimitrov explains the feeling of being part of the KPA, “Working in the office is interesting because in our case, unavoidably, you have to face a lot of people, who have troubles and problems, each with their own problems and interests”. He also does not hesitate to mention the problems faced by KPA employees, mainly those working in the field, “In addition to these problems, while it is decreasing, some people still prejudice the work and mandate of the KPA. In these cases, staff of the Agency are always considered an enemy of either one or the other party in the claim”.

Talking about the actual work and the additional engagements of the Regional Office in Pejë/Peć, Mr. Dimitrov says that there are currently 4 notification teams working in the region, carrying out an average of 40 property notifications per day. However, the large number of claims filed with this Regional Office presented a necessity for an additional 4 new teams, who were formed by employing new local staff, who will deal with

the notification process within this region. This means that within a short amount of time, as soon as additional money is found for the new staff salaries, the work rhythm and capabilities of the Notification Unit within this region, will be doubled. Based on this dynamic and the determination and seriousness of the staff in the Pejë/Peć Office, it is expected that by the end of August 2008, around 7,000 properties will have been notified within this region.

Notification of properties for which claims have been filed with the KPA, is considered as highly important. Efficient identification of claimed properties is crucial and not having full access to cadastral maps can make identifying and therefore notifying claimed properties, less time efficient. Mr. Dimitrov encourages and thanks claimants and local people who help the KPA teams in identifying properties.

Last year Mr. Dimitrov was at the center of a media misunderstanding regarding the level of cooperation with the Mayors in this region. However, Mt. Dimitrov says that “both in the past and present, there is great co-operation between the KPA and Municipal Authorities, in reaching the mutual goal of establishing the rule of the law and protection of private property rights”.

Another issue, no less important, is the Rental Scheme in this region, says Mr. Dimitrov. The Pejë/Peć region, has twice the number of rented

properties, compared to other regions. Presently, Pejë/Peć is renting 348 out of a total of 1,245 properties which are under KPA administration. However, according to Mr. Dimitrov, there are 111 properties which are currently vacant and quite difficult to rent out as there are a number of factors influencing citizens not to be interested in these properties, including, the physical state of the properties not always being satisfactory and currently, KEK is insisting on the full payment of outstanding electricity bills, despite the bill not being incurred by the potential occupant, before reconnecting the electricity to the property. However, the KPA is working with KEK and other service providers to try and rectify this situation.

As for the verification of documents presented when a claim is filed, Mr. Dimitrov says that “this process is going ahead without any particular trouble and that the majority of cases submitted in Prishtinë/Priština for further processing by the Kosovo Property Claims Commission, are easily verifiable and without any major problems”.

Finally, the very proud Manager Mr. Dimitrov, attributes the professional inter-colleague relationships and joint commitment in achieving the goals and objectives of the KPA, to the success of the Regional Office in Pejë/Peć.

### Kosovo Property Agency

**The KPA was established on 4 March 2006 by UNMIK Regulation 2006/10 which was later superseded by UNMIK Regulation 2006/50. The KPA has, subject to appeal to the supreme court of Kosovo, exclusive jurisdiction resolve claims for private imovable property arising from the 1998-1999 armed conflict.**

## KPA work forecast: A hot season ahead

The Pejë/Peć Regional Office will increase the number of local staff in order to meet the work volume in the coming days, particularly in relation to the notification process, which requires a continuous presence in the field as well as accuracy and professionalism. This is just one of the indications that this year the KPA is entering into a new phase of engagements and realization of its objectives. Taking into account the large number of claims submitted before the KPA (around 40,000 claims) and the number of cases already decided by the Kosovo Property Claims Commission (around 5,000), the KPA and its staff will face increased engagements and therefore, there will be a need to increase output capabilities in order to meet the large volume of work.

Longstanding prejudice against the KPA's work and engagements has started to fade, given the large number of received claims, daily engagements in the field and the statistical results on processing and review of cases. These results have proven that the KPA is an agency fully committed to independent and professional adjudication of claims of an extremely important nature, private property rights.

The volume of work in the KPA has never and will never, be a discouragement for the local or international staff. On the contrary, each and every staff member has taken on the burden of responsibility to give their best in accomplishing their objectives and duties. Therefore, there is a general opinion that the need to be effective and efficient is a precondition for fulfilling the KPA mission on time and accuracy.

The start of the KPA decision implementation will mark a new chapter in upcoming challenges which the KPA's staff will face for a considerable time, until the review process and the implementation of all decisions regarding claims submitted to the KPA is completed.

In light of the above, in one form or another, these are facts and issues which forecast a hot season with an increased volume of work at the KPA.

## Rental Properties available through the KPA

**The KPA currently has 3,787 properties under its Rental Scheme, out of which, 914 are currently rented. The KPA still has a number of habitable properties that are located in good areas and have good living conditions available to be rented.**

After you have chosen an available property, the KPA will enter into a rental agreement with you as tenant. The rental agreement will be for 1 year, with possible extension for 1 year at a time. The KPA rents out the property on behalf of the property rights holder who has chosen to put his/her property under the KPA administration. The property is rented "as it is" (pictures may or may not be accurate). The KPA and the property right holder will not provide any landlord services nor fix any malfunctions/failures on the property. You will not be reimbursed for any improvements/repairs made on the property. The monthly rent for a property is automatically calculated using the following formula:

**Price = (A:B) + (A:C) -D (+/-E) + F**

**A:** Municipal Property Value (this value is assessed by the Municipality and is subject to annual review )

**B:** Value of physical depreciation of property (life time of property assessed max 80 years for residential property)

**C:** Annual Return on Investment (monthly interest on savings assessed to average bank rate of 3.72%)

**D:** 10% reduction due to lack of landlord services (not applicable if such services are provided by the landlord)

**E:** 25% adjustment based on current condition of property

**F:** 5% administrative fee

You or the property right holder may decide to withdraw from the rental agreement at any time, subject to a 2 months notice period, starting from the 1st of the following month. For example: if you or the property right holder give notice (in writing) to KPA

on the 12th of April, your rights and obligations continue until the 30th of June.

If you want to rent a property through the KPA rental scheme you may contact the KPA on 038 249 918 or visit one of our offices. Our staff would be happy to assist you to find an available property. All available properties with pictures are also available on our web page [www.kpaonline.org](http://www.kpaonline.org).

# Notification of claims submitted to the Kosovo Property Agency

**IMPORTANT!** **IMPORTANT!** **IMPORTANT!** **IMPORTANT!**  
If you believe you have a legal interest in any of the claimed properties listed in the attachment, you must contact Kosovo Property Agency as soon as possible and within 30 days of the date the claim was published. Pursuant to Section 10.1 and 10.2 of UNMIK Regulation 2006/50, you have the (a) right to participate in the claim if you have a legal interest in the property.

If you do not respond within the statutory 30 days deadline mentioned above, the KPA or the KPCC may issue an order that may affect your rights to the claimed property without any further notice. If you have already received a written notification from the KPA that a claim has been submitted for the property you are currently using, the statutory 30 days deadline will start running from the day you received such written notification.
