

Despite more commitments, still shortfall in KPA funding

Season's greetings and best wishes for New Year!

KPA “approaches” the citizens directly

The official KPA bus during the next two months will visit more than 200 villages throughout Kosovo. Officials from the Kosovo Property Agency (KPA) will be available to answer all your questions regarding the work of KPA, the law and what legal rights you may have.

-I have bought the land but I did not transfer it in my name, I want to know if anybody has submitted a claim for it and what should I do, explained one citizen from the village of Zallq/Zac when the KPA bus visited the village on 4 December.

People in Cërrcë/Crnce were positively surprised when they were visited by the KPA.

-It's good that you came, because until now we have only seen KPA on television when evicting people, said one villager. This gave the KPA staff

an opportunity to explain the citizens about the processing of claims and what procedures which need to be fulfilled before usurpers are evicted from a property.

The villages which will be visited by the KPA bus has been chosen based on the number of claims submitted for properties in the respective villages. - The main purpose of this initiative is to inform citizens of Kosovo about the KPA's work and mandate. We believe that direct contact with Kosovo citizens is an efficient way of providing information about the Agency's work, our mandate and the rights of citizens.

Anyone who has questions about the KPA is encouraged to approach the KPA bus. An updated list with villages and planned

dates of visit can be found at KPA web page <http://www.kpaonline.org/bus.asp> You may also call the KPA at 038 249 936 to check if the KPA Bus will be visiting your village.

In the KPA Bus you can get:

- Information about the KPA and its mandate
- Information about claimed properties in your village
- Information about your rights if you are using a claimed property

Kosovo Property Agency

The KPA was established on 4 March 2006 by UNMIK Regulation 2006/10 which was later superseded by UNMIK Regulation 2006/50. The KPA has, subject to appeal to the supreme court of Kosovo, exclusive jurisdiction resolve claims for private movable property arising from the 1998-1999 armed conflict.

KPA needs additional funding

Kosovo Property Agency (KPA), the successor of the Housing and Property Directorate, has thus far received more than 33,000 property claims, and the claim intake is still ongoing. In comparison the HPD received and resolved 29,160 claims related to residential properties. The majority of the claims submitted to the KPA are related to agriculture properties (90 percent), whereas 7 percent and 3 percent respectively are related to residential and commercial properties.

The KPA has already received more than three times as many claims as expected, and the number of claims is still increasing. This fact creates challenges for the Agency, and the duration of the mandate needs to be extended. One of the greatest challenges in this respect is the financial situation of the KPA. Being an independent Agency, the KPA is funded solely based on donations. The KPA is still experiencing a shortfall of funding with regards to 2008 and the following years. Unfortunately this may affect ongoing operations, lead to delays, and make the process more time consuming.

In case the local and international community does not provide sufficient funding for KPA, the remaining property disputes will have to be transferred to the local courts. Considering the current workload and backlog in the courts, such a move would leave Kosovo with unresolved property issues for the foreseeable future. The KPA will in comparison be able to resolve all claims received within the next three years. The local and international community should therefore ensure sufficient funds for the completion of the KPA mandate.

The property issues in Kosovo will not disappear before all illegal occupation is ended and the properties are returned to their rightful owners. The sooner the property issues are resolved, the sooner the displaced population will be able to return, and uncertainty regarding property titles will no longer be hindering investments and economical growth.

KPA Donor Conference on 21 November:

Despite more commitments, still shortfall in KPA funding

KPA respects and guarantees the property rights of all citizens. In order to successfully complete its mandate the Agency needs additional financial support from the local and international institutions. An additional 1.6 million Euros was promised by the international community on a KPA donor conference on 21 November, but there is still a significant shortfall in the funding of the KPA.

The KPA donor conference was chaired by Mr. Steven P. Schook, the Principal Deputy Special Representative of the Secretary General in Kosovo (PDSRSG). He is also the chairperson of the KPA Supervisory Board. The conference was attended by representatives from UNMIK, EU, OSCE, UNCHR, KFOR and almost all diplomatic missions in Kosovo.

Mr. Schook highlighted the important role of Kosovo Property Agency, as an independent agency which mandate is to resolve property disputes in Kosovo as a result of conflict of 1998-1999. "KPA has done a good and successful job during this short period of its activity, being faced with the challenges and continuous problems which arise from the high number of property disputes in Kosovo, said Mr. Schook in his opening speech.

The PDSRSG appealed to participants at conference to contribute with maximum financial support to KPA. He

stressed that additional funding provided by the international community is the only way to secure that the KPA can fulfill its objectives and obligations successfully; namely resolving the property disputes in Kosovo. "Resolving the property disputes is essential in order to create a real opportunity for the displaced persons to return to Kosovo. It is also a prerequisite for creating conditions conducive for economic growth and to attract investments," said Mr. Schook.

The opening speech by the PDSRSG was followed by a thorough presentation of the conducted by KPA Executive Director, Mr. Knut Rosandhaug. Mr. Rosandhaug gave a presentation of the mandate, structure of the Agency and pointed out the main challenges the KPA are facing. He emphasized that the KPA already has received three times more claims than expected.

"When we started our work it was foreseen that the Agency would receive approximately 11,000 claims, but thus far we have received almost 33,000. The high number of claims clearly illustrates the need for KPA, but for further effective and efficient work we need increased financial support", said Mr. Rosandhaug. He also pointed out that most of the KPA's staff members are local and that local staff now also holds the majority of management positions in the Agency. Appealing for additional financial support for KPA, Mr. Rosandhaug presented the draft budget for 2008-2010, and

focused in more details on the budget for 2008 which reaches the amount of 5 million euro.

The chairperson of the Kosovo Property Claims Commission (KPCC), Mr. Veijo Heiskanen, explained the KPCC's work and the decision making process. Even considering the high number of claims, Mr. Heiskanen said that the efficiency and professionalism in the decision making process would allow the KPCC to adjudicate the collected claims within 3 years, still with the guarantee of impartiality and respect for the applicable laws.

In their presentations, representatives of diplomatic offices in Prishtinë/Priština, as well as other international organizations and institutions expressed willingness to consider all possibilities of supporting the KPA. The representative from the Norwegian promised an in kind contribution of 840.000 Euros, the representative of the US office pledged a donation of 500.000 Euros, and the representative from the Swiss office promised a donation in the amount of 300.000 €.
